

ACCESS

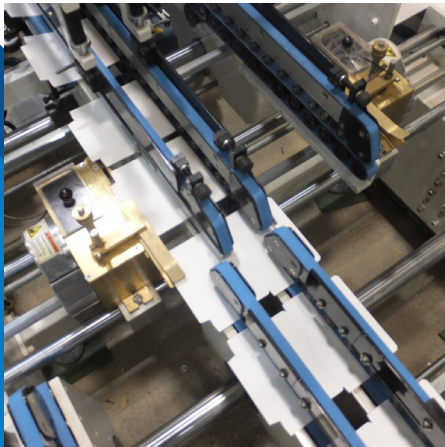

For cost-effective carton production with versatile performance and operator-friendly design.

ECONOMICAL AND EFFICIENT

The Signature Access is a versatile and cost-effective folding solution built for reliable daily production.

ADVANTAGES

- ▶ **Cost-Effective Production** – Eliminates the need for multiple machines by handling a wide range of carton styles.
- ▶ **Operator-Friendly Design** – Open layout allows easy access for setup, adjustment, and maintenance.
- ▶ **Versatile Carton Capability** – Runs straight line, lock bottom, and 4&6 corner cartons across multiple sizes.
- ▶ **Faster Changeovers** – Motorized carriers and streamlined setup reduce downtime between jobs.

APPLICATIONS

- ▶ General folding carton production
- ▶ Mid-volume operations seeking flexibility
- ▶ Converters running multiple carton styles on one machine

THE SIGNATURE DIFFERENCE

Every Signature Folder Gluer is built for long-term performance and crafted with the operator in mind. From durable construction to intuitive design, each model delivers exceptional ease of use and dependable accuracy. With versatile configurations and custom options tailored to your production needs, Signature machines are engineered to grow with your business – delivering reliability, precision, and flexibility run after run.

BASELINE FEATURES

1 High Performance Feeder Section

For accurate carton spacing. Pneumatic lift system for all feed section tooling. Includes carton aligner after feed.

2 Versatile Pre-Break Section

For 180-degree first and third score prebreak and compound folding options.

3 Off-Set Carrier Belts

For strong blank support along a score line. Lower carrier belts are wider than top belts for maximum support.

4 Motorized Carriers

Indicators for precise and easy make-ready on repeat jobs. **Optional** Auto Jog feature recalls job settings – significantly reducing setup time.

5 Compression Section

Includes two-stage pneumatic pressure control for accurate glue bonding. **Optional** in-line carton ejector for efficient quality control without job interruption.
