

# ALBATROSS

For large-format corrugated and heavy board production.

## LARGE-FORMAT POWERHOUSE

The Signature Albatross is built for demanding corrugated applications requiring stability and versatility with consistent folding accuracy.

### ADVANTAGES

- ▶ **Large-Format Capability** – Handles blanks up to 3,000 mm and heavy solid board up to 2,000 g/m<sup>2</sup>
- ▶ **Corrugated Versatility** – Runs single-wall and double-wall combinations across multiple flute profiles.
- ▶ **Enhanced Alignment Control** – Extended aligner section and wider feed belts provide superior blank stability and folding accuracy.
- ▶ **Heavy-Duty Construction** – Built with high-quality materials and reinforced components to ensure long-term durability in demanding corrugated environments.
- ▶ **Production-Ready Performance** – Servo backfold system, motorized carriers, and integrated glue stations ensure consistent results.

### APPLICATIONS

- ▶ Large-format corrugated cartons
- ▶ Double-wall and heavy solid board packaging
- ▶ Industrial and bulk packaging production
- ▶ Oversized blanks requiring precision folding and alignment

#### THE SIGNATURE DIFFERENCE

Every Signature Folder Gluer is built for long-term performance and crafted with the operator in mind. From durable construction to intuitive design, each model delivers exceptional ease of use and dependable accuracy. With versatile configurations and custom options tailored to your production needs, Signature machines are engineered to grow with your business – delivering reliability, precision, and flexibility run after run.

## BASELINE FEATURES

### 1 Wider Feed Belts

Provide additional control of oversized blanks as they move into the alignment section.

### 2 Extended Carton Aligner Section

Offers increased blank control to prevent overlapping and ensure accuracy through the folding and gluing sections.

### 3 Creasing Line Press Roller

Supports perfect folding by re-pressing crease lines made by the die cutter.

### 4 Motorized Carriers with Digital Indicators

Enable precise and efficient make-ready on repeat jobs. An **optional** computerized Auto Jog feature recalls job settings to significantly reduce setup time.

### 5 Spanker

Maintains consistent loading and precise blank alignment by correcting disorder and scattered cartons.

## OTHER SERVICES

AIM supports Signature Folder Gluer customers with comprehensive service and support:

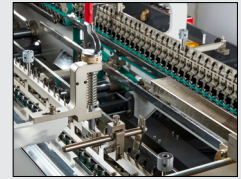

### Operator Training

On-site training for new hires, advanced instruction, and preventative maintenance guidance.

### Parts & Service

Inspections, repairs, relocations, and access to our parts department with popular components stocked for fast delivery.

### Used Equipment

Buying and selling quality pre-owned converting equipment.

## YOUR ALBATROSS, YOUR WAY

Choose from optional upgrades to tailor performance to your needs:

- ▶ Carton Aligner
- ▶ Servo Backfold System
- ▶ Spanker
- ▶ Turning Station
- ▶ Semi and Fully Computerized Make-Ready
- ▶ Electronically Controlled Left & Right Glue Pot
- ▶ **Plus more options available!**

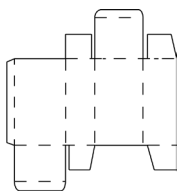

## AVAILABLE SIZES

**220 / 300 / plus other widths**

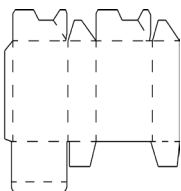

## ALBATROSS SL STRAIGHT-LINE MODEL

A dedicated straight-line configuration designed for standard folding and gluing applications.

## SUPPORTED CARTON STYLES (does not include Albatross SL)

STRAIGHT LINE

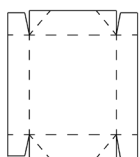

LOCK BOTTOM

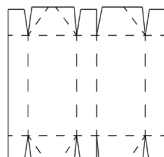

HEAVY SOLID BOARD  
(800-2000 gm<sup>2</sup>)

CORRUGATED BOARD  
(N, F, E, B, C AB, AC BC, EB, EF FLUTE)
